

How to segregate municipal waste in Warsaw

Paper

clean paper and cardboard packaging, newspapers, magazines and leaflets, cardboard, notebooks, office paper

Metal and plastic

empty squashed plastic bottles, bottle caps and jar lids, plastic packaging, bags, foil bags, juice and milk cartons (Tetra Pak), crushed beverage and food cans

Glass

glass packaging only, including empty bottles, jars, cosmetics packaging, empty medicine packaging

Bio

vegetable and fruit refuse, egg shells, coffee grounds and tea dregs, withered flowers and plants, food leftover excluding meat, bones and animal fat

Bulky waste

old furniture (also dismantled) and upholstered products (e.g. armchairs, sofas, poufs), mattresses, large-size toys

Biodegradable waste

leaves, mown grass, chipped branches

Mixed waste (residue)

e.g. meat and bone residues, wet or dirty paper, used hygienic materials, including disposable nappies, gravel from litter trays for animals, pottery, broken glass and mirrors
